## ABOUT CIRCUIT

Circuit's ultimate goal is to reduce congestion and its harmful effects on the environment and our quality of life. We do this by getting people out of their cars for short trips, encouraging visitors to park once, and by making connections to existing mass transit hubs. We work with innovative communities and forward-thinking advertising partners to provide fare-free electric shuttle services that make mobility easier, smarter, more affordable, and fun.

Circuit (formerly known as The Free Ride) offers on-demand rides around busy downtown areas across the US using a fleet of all-electric shuttles and a custom ride request app. The service aggregates riders, creates local jobs and connects brands with people in a beneficial way. Since starting, Circuit has given over 3 million rides, worked with Urban-X and CivStart accelerators, won numerous awards, and been applauded by the press.
